NOTICE IS HEREBY GIVEN that the Board of Directors of L'Ambiance at Longboat Key Club Condominium Association, Inc. has called a Special Meeting of the Members and a Board of Directors' Meeting to be held at the date, times, and location stated above.

The Special Membership Meeting will be conducted first. The Board of Directors' Meeting will begin immediately after the Special Membership Meeting is adjourned.

Both meetings will be conducted in person, with Zoom access available for owners who wish to observe and participate remotely. Each meeting will be recorded, and the recording will be maintained as an official Association record. Zoom attendance alone does not cast a membership vote. An owner who will not vote in person at the physical meeting location should return the enclosed Limited Proxy with Ballot.

PURPOSE OF THE SPECIAL MEMBERSHIP MEETING

The sole purpose of the Special Membership Meeting is to consider and vote to approve or disapprove the establishment of a revolving line of credit with a maximum commitment not to exceed \$2,500,000.

The purpose of the proposed line of credit is to provide funding for the accelerated balcony waterproofing project. The original plan was to complete the balcony work in both buildings over a four year period using scheduled reserve funding. At a Board meeting earlier this year, the accelerated plan was developed to complete the work in less than two years. The line of credit will be used to fund the new schedule and be paid back within the original four year period using reserve funds.

BALCONY PROJECT LINE OF CREDIT OWNER INFORMATION

Dear Owners,

The balcony waterproofing program was originally planned as a four-year project funded through scheduled reserves. The project schedule has been accelerated to less than two years. Current planning reflects approximately \$5 million in project expenditures, including engineering, inspections, structural and post-tension repairs, permitting, waterproofing, restoration, project administration, and related costs.

At the July 9, 2026 Board meeting, the Finance Committee presented an updated reserve cash-flow model showing that the accelerated schedule could create a peak financing need of approximately \$2 million. Following that presentation, the Board voted to move forward with seeking membership approval for a revolving line of credit with a maximum commitment of \$2,500,000. The Association expects to draw only the amounts needed as project invoices become due and may not need to draw the full amount.

WHY A MEMBERSHIP VOTE IS BEING HELD

The Association's Bylaws authorize the Board of Directors to borrow money on behalf of the Association. Because the maximum proposed line of credit exceeds 25% of the Association's annual budget, including reserves, Section 6(k) of the Bylaws requires membership approval at a duly noticed meeting.

The membership is therefore being asked to approve the establishment of this specific line of credit, in an amount not to exceed \$2,500,000, to fund the accelerated balcony waterproofing project. The vote is not a request to grant the Board general borrowing authority; that authority is already addressed in the Association's governing documents.

HOW THE PROPOSED LINE OF CREDIT WOULD WORK

The proposed facility would operate as a revolving, draw-as-needed line of credit. If approved, the Association expects to draw funds as project invoices and directly related expenses become due, but it may not be necessary to draw the full \$2,500,000.

Any funds drawn will be used solely for the accelerated balcony waterproofing project and the directly related expenses described in the Proposed Member Resolution. Final interest rates, lender fees, maturity, repayment requirements, collateral terms, and other conditions will depend on the lender and the terms negotiated by the Board. The Association intends to repay amounts drawn within the original four-year project-funding period using scheduled reserve funding, subject to the final financing terms and the Association's annual budgets.

WHAT THE VOTE DOES - AND DOES NOT DO

An APPROVE vote authorizes the establishment of a revolving line of credit with a maximum commitment not to exceed \$2,500,000 to fund the accelerated balcony waterproofing project. The Association may draw funds as needed for the stated project purpose but is not required to draw the full amount.

PROPOSED MEMBER RESOLUTION

The following resolution will be presented to the membership for approval or disapproval:

RESOLVED, that the Members approve the establishment by L'Ambiance at Longboat Key Club Condominium Association, Inc. of a revolving line of credit with a maximum commitment not to exceed Two Million Five Hundred Thousand Dollars (\$2,500,000) to fund the accelerated balcony waterproofing project and related structural and post-tension repairs, engineering, threshold inspections, permitting, waterproofing, restoration, project administration, and other directly related project expenses; and

FURTHER RESOLVED, that the Board of Directors and authorized officers of the Association may exercise the borrowing powers granted under the Association's governing documents to select a lender, negotiate commercially reasonable terms, execute the necessary financing documents, establish the line of credit, and make draws and repayments, provided that the maximum commitment does not exceed \$2,500,000 and all funds drawn are used for the purpose stated above; and

FURTHER RESOLVED, that the Association expects to draw funds as needed to support the accelerated project schedule but is not required to draw the full \$2,500,000 commitment; and

FURTHER RESOLVED, that the Association intends to repay amounts drawn within the original four-year project-funding period using scheduled reserve funding, subject to the final financing terms and the Association's annual budgets.

MEMBERSHIP VOTING REQUIREMENTS

Total voting interests	136
Quorum	46 voting interests represented in person or by proxy
Approval requirement	At least two-thirds of the voting interests represented in person or by Limited Proxy must vote APPROVE
Voting method	Vote in person at the physical meeting location or return the enclosed Limited Proxy with Ballot

Each unit is entitled to one vote. Owners may vote in person at the physical meeting location or by returning the enclosed Limited Proxy with Ballot.

If the ballot is left unmarked, the Limited Proxy may be counted for quorum only and no substantive vote will be cast for that unit.

To assist with confirming quorum and tabulating votes, owners are strongly encouraged to return the signed form as early as possible.

Sincerely,

Ian Wilbraham, President

By Order of the Board of Directors
